I interned as a Java Developer at Cod Soft, where I worked on small tasks such as creating a GUI-based calculator and developing a random number generator with a graphical user interface (GUI).

ACHIEVEMENT

⭐ **Certifications of Java Courses**

Certificate of Java by Great learning.
Certificate of Java by Udemy.

⭐ **Certificate by RCPL**

Certificate in C and Data structure.
Certificate in Full Stack Web Development using MERN.

⭐ **Hacker Rank**

5 Star in java language.
3 star in C language.
3 star in python language.

PROJECTS

Customer Billing System

📅 12/2023 - 01/2024

Developed a Customer Billing System as a mini-project during my second year of college.
- Designed the user interface using Java Swing.
- Utilized MySQL Workbench for database management.
- Built the project in Java.
- Employed Apache NetBeans as my integrated development environment (IDE).

Bank Management System

📅 06/2024 - 07/2024

Created a Bank Management System as a practice project in my third year of college.
- Designed the user interface with Java Swing.
- Used MySQL Workbench for handling the database.
- Developed the project in Java.
- This system allows users to open accounts, withdraw funds, transfer money, and perform transactions.
- Used IntelliJ IDEA as my IDE.

CERTIFICATION

Hacker Rank JAVA BASIC Certification

Hacker rank JAVA BASIC certification in 2024.

C and Data Structure

C and Data Structure Certificate by RCPL in 2024

Full Stack Web Development

Full Stack Web Development MERN Stack Certificate By RCPL in 2024.

SKILLS

Persistent	Quick-learner	JAVA
C	Time Management	Java Swing
